

HOUSE CONCURRENT RESOLUTION No. 5008

A PROPOSITION to amend the bill of rights of the constitution of the state of Kansas by adding a new section thereto, relating to the public right to hunt, fish and trap wildlife.

Be it resolved by the Legislature of the State of Kansas, two-thirds of the members elected (or appointed) and qualified to the House of Representatives and two-thirds of the members elected (or appointed) and qualified to the Senate concurring therein:

Section 1. The following proposition to amend the constitution of the state of Kansas shall be submitted to the qualified electors of the state for their approval or rejection: The bill of rights of the constitution of the state of Kansas is hereby amended by adding a new section to read as follows:

“§21. **Right of public to hunt, fish and trap wildlife.** The people have the right to hunt, fish and trap, including by the use of traditional methods, subject to reasonable laws and regulations that promote wildlife conservation and management and that preserve the future of hunting and fishing. Public hunting and fishing shall be a preferred means of managing and controlling wildlife. This section shall not be construed to modify any provision of law relating to trespass, property rights or water resources.”

Sec. 2. The following statement shall be printed on the ballot with the amendment as a whole:

“*Explanatory statement.* This amendment is to preserve constitutionally the right of the public to hunt, fish and trap wildlife subject to reasonable laws and regulations. The right of the public to hunt, fish and trap shall not modify any provision of common law or statutes relating to trespass, eminent domain or any other private property rights.

“A vote for this proposition would constitutionally preserve the right of the public to hunt, fish and trap wildlife that has traditionally been taken by hunters, trappers and anglers. This public right is subject to state laws and rules and regulations regarding the management of wildlife and does not change or diminish common law or statutory rights relating to trespass, eminent domain or private property.

“A vote against this proposition would provide for no constitutional right of the public to hunt, fish and trap wildlife. It would maintain existing state laws and rules and regulations governing hunting, fishing and trapping wildlife.”

Sec. 3. This resolution, if approved by two-thirds of the members elected (or appointed) and qualified to the House of Representatives, and two-thirds of the members elected (or appointed) and qualified to the Senate shall be entered on the journals, together with the yeas and nays. The secretary of state shall cause this resolution to be published as provided by law and shall cause the proposed amendment to be submitted to the electors of the state at the general election in November in the year 2016 unless a special election is called at a sooner date by concurrent resolution of the legislature, in which case it shall be submitted to the electors of the state at the special election.
